### PA Forward Star Libraries

You may be wondering why so many local public libraries are talking about stars that their library is earning. The M.S. Kirby Library has already earned our Bronze Star, and we're quickly working toward our Silver and Gold Stars! But what does that mean?

The Pennsylvania Library Association has a new programming initiative to make sure that libraries are reaching their greatest potential to meet the needs of our patrons.

We have five main ideas that we are focusing our programs around: Basic Literacy, Information Literacy, Civic and Social Literacy, Health Literacy, and Financial Literacy. When you do specific programs based on these ideas, you earn the stars!

### Basic Literacy

- Libraries can push Pennsylvania to achieve one of the highest literacy rates in the country, a trained and skilled workforce, and a growing economy, tax base, and population.

### Information Literacy

- Libraries can help all Pennsylvanians learn how to use online resources and current technology to improve their education, to enhance their job skills, to develop their personal lives, and to fully participate in a digital society.

### **Civic and Social Literacy**

- Libraries can play an important role in helping citizens have the knowledge and skills they need to improve their lives, to participate and contribute effectively to their community, government, and society, and to connect with one another through discourse.

### **Health Literacy**

- Libraries can play an important role in helping citizens manage their own and their family's well-being, and empower them to be effective partners with their healthcare providers so they can live longer, more productive lives.

### **Financial Literacy**

- Libraries can help citizens become informed consumers and guide individuals, small businesses, and other organizations to contribute to the economic vitality of their community through innovation, entrepreneurship, and economic development.

Be sure to follow our website, Facebook page, and monthly newsletter to see all of our programs that we offer!
